15-17 October 2024

Sands Expo and Convention Centre,
Singapore

GovWare Conference and Exhibition 2024

Centred on the theme "**Securing Dynamic Digital Roadmaps: Relooking Signposts in Identity, Trust, and Resilience**", GovWare 2024 brought together more than 13,000 global stakeholders to confront today's most pressing cybersecurity challenges. The event served as a strategic platform for innovative strategies to rebuild trust, enhance consumer protection, and drive inclusive digital advancement, fostering impactful collaboration and actionable solutions.

Driving Cybersecurity for Real-World Impact

As a catalyst for where cyber truly means business, GovWare goes beyond tech-centric discussions, delving into the real-world implications and practical solutions that demonstrate how cybersecurity drives resilience and innovation. From critical industries such as financial services and healthcare to SMEs, GovWare's emphasis on cybersecurity beyond technical discourse underscores cybersecurity's pivotal role in shaping a secure and inclusive digital landscape.

A Trusted Platform for Global Collaboration

Supported by the **Cyber Security Agency of Singapore** and integral to the **Singapore International Cyber Week (SICW)**, GovWare has solidified its reputation as the premier platform for actionable insights, pioneering innovations, and forging robust global partnerships. It continues to empower stakeholders to tackle critical security challenges and advance cyber resilience across industries and borders.

GovWare - Where Cyber Means Business.

" This year's GovWare has reaffirmed the crucial need for cybersecurity to evolve in tandem with rapid technological advancements. We are proud to have fostered impactful discussions that brought diverse perspectives to the forefront, helping leaders from across industries and regions enhance risk management, and resilience, and ultimately secure the digital frontier. The incredible turnout this year underscores our shared commitment to these values, driving us forward to reimagine cybersecurity not just as a technological imperative but as an investment in people.

Ian Monteiro
Executive Director, Image Engine, Organiser of GovWare

A Part of
Singapore International Cyber Week 2024

The **Singapore International Cyber Week (SICW)**, Asia-Pacific's most established cybersecurity event organised by the **Cyber Security Agency of Singapore (CSA)**, returned for its ninth edition from 14 to 17 October 2024. Under the theme "**Trust and Security in the Digital Era**," SICW 2024 provided a vital forum for addressing critical issues such as advancing cyber governance, building digital trust, and fortifying critical infrastructure against a backdrop of geopoli-tical contestations, supply chain vulnera-bilities, and evolving cyber threats.

SICW 2024 brought together esteemed repre-sentatives from over 90 countries and re-gions, including ministers, cyber principals, heads of agencies, industry leaders, and top academics. The diversity of participation underscored SICW's role in driving cyber collaboration globally.

Some of the Distinguished Guests & Speakers

- **Ms Izumi Nakamitsu**, Under-Secretary-General and High Representative for Disarmament Affairs, United Nations
- **H.E. Dr Kao Kim Hourn**, Secretary-General of ASEAN
- **YB Tuan Gobind Singh Deo**, Minister of Digital, Malaysia
- **Hon Judith Collins KC**, Minister Responsible for the Government Communications Security Bureau, New Zealand
- **Mr Wang Lei**, Coordinator for Cyber and Digital Affairs, Ministry of Foreign Affairs, China
- **H.E. Nathaniel C. Fick**, Ambassador at Large, Bureau of Cyberspace and Digital Policy, United States of America
- **Dr Richard Horne**, Chief Executive Officer, National Cyber Security Centre, United Kingdom

GovWare 2024, proudly supported by the Cyber Security Agency of Singapore (CSA), remained the cornerstone trade platform of SICW. As SICW's enterprise component since its inception in 2016, GovWare exemplifies the synergy between Image Engine and CSA, solidifying Singapore's role as a regional hub for cyber leadership. This partnership reflects the shared commitment to drive innovation, foster collaboration, and shape transfor-mative solutions for a resilient digital eco-system.

"Our collaboration with GovWare, the region's premier cybersecurity information and connectivity platform, is central to our mission. Together, we will deliver a comprehensive experience that integrates strategic discussions with innovative technology showcases and expert-led keynotes.

David Koh
Commissioner of Cybersecurity and Chief Executive, *Cyber Security Agency of Singapore*

Singapore International Cyber Week 2024
# Highlights

SICW 2024 featured a series of key events such as the **SICW Summit**, the **High-Level Panels: Opening Plenary**, and a diverse range of **High-Level Panel sessions** exploring topics from cybersecurity policy and technical advancements to international cyber diplomacy. The **ASEAN Ministerial Conference on Cybersecurity (AMCC)** served as a pivotal platform for ASEAN member states and dialogue partners to strengthen regional cybersecurity cooperation. Additionally, the **SICW Women in Cyber** plenary and the **International IoT Security Roundtable** deepened discussions on inclusion, emerging threats, and securing the next generation of digital infrastructure.

Complementing these key events were various high-level engagements held on the sidelines, underscoring SICW's commitment to fostering collaboration and actionable outcomes.

Senior Minister and Coordinating Minister for National Security, **Mr Teo Chee Hean** at the **SICW 2024 Opening Ceremony**.

ASEAN Ministers, joined by Secretary-General of ASEAN, **Dr Kao Kim Hourn**, launched the new physical facility for the **ASEAN Regional CERT**.

At the **SICW Women in Cyber** session, Minister of State **Mdm Rahayu Mahzam** emphasised the importance of diversity and collaboration in addressing evolving cyber threats and harnessing talent across society.

The **High-Level Panel "Trust and Security in the Quantum Era"** brought together global experts to examine assurance in emerging quantum-safe technologies and highlighted the roles of governments and industry in driving quantum-safe adoption.

Panellists at the **Securing Smart Cities** session discussed possible strategies to future-proof smart cities against evolving cyber-physical risks, and how public-private partnerships can be strengthened to enhance cybersecurity resilience in securing smart city infrastructure.

CSA and Palo Alto Networks co-hosted a closed-door roundtable on AI security, uniting global stakeholders, including Google, OpenAI, and Resaro, to discuss priorities and align efforts in AI security research, solutions, and standards.

GovWare 2024

Programme Overview

GovWare 2024 offered a comprehensive lineup of signature, partner, and co-located events, designed to provide comprehensive insights into critical issues and foster collaboration across the cyber ecosystem. These diverse programmes encompassed a range of activities that catered to different interests and needs, ensuring a holistic experience for all attendees.

GovWare Conference

GovWare Exhibition

CXO Plenary

GovWare CII Forums

Government Closed Door Session

GovWare Tech Talk

GovWare Opening Reception & Happy Hour

CLOUDSEC @GovWare 2024 | PARTNER EVENT

Cyber Secure Singapore 2024 | CO-LOCATED EVENT

Key Moments of GovWare 2024

The invitation-only **FSI and Healthcare Forums** saw in-depth discussions between CISOs and senior cybersecurity professionals on evolving cyber threats, mitigation strategies, and the transformative journey of organisations within the CII sectors.

The Global Digital Health Partnership (GDHP), in collaboration with Singapore's national HealthTech agency, Synapxe, launched the **Guidance for Medical Device Cybersecurity (GMDC) framework** at the **Healthcare Forum**, with representatives from the Hospital Authority Hong Kong and the U.S. Department of Health and Human Services.

The keynote panel, **Navigating the Future: Digital Transformation and Cyber Resilience in Healthcare** at GovWare 2024 explored the intersection of digital transformation and cyber resilience in healthcare, highlighting how public and private sectors collaborate to harness digitisation while addressing risks from global disruptions, supply chain challenges, and geopolitical instability.

The **GovWare CXO Plenary** brought together C-suite leaders, senior officials, and industry experts for high-level discussions on the transformative forces shaping our digital future.

CLOUDSEC @GovWare 2024, our partner event hosted by Trend Micro in collaboration with GovWare, explored critical balance between cybersecurity and emerging technologies like AI.

Ian Monteiro received a token of appreciation from **ISC2 Singapore Chapter**, who hosted their flagship conference, **Cyber Secure Singapore 2024**. The conference featured renowned industry leaders sharing innovative approaches to tackling the ever-evolving threats in our digital world.

Programme Advisory Board

Leading GovWare 2024's programme curation are distinguished cyber leaders and veterans, recognised for their deep expertise and contributions to the community. With their invaluable guidance, GovWare upheld its hallmark of excellence, ensuring a programme that resonates with the evolving needs of our audience.

CHAIRMAN

Ng Hoo Ming
Advisor & President for Cybersecurity & Governance Chapter
ASEAN Chief Information Officer Association (ACIOA)

Stanley Tsang
Distinguished Engineer and Senior Director (Special Projects)
Cyber Security Agency of Singapore

Clayton Jones
Managing Director, Asia-Pacific
ISC2

Prof. Lam Kwok Yan
Associate Vice President (Strategy and Partnerships)
Nanyang Technological University

John Lee
Managing Director
Global Resilience Federation Asia-Pacific (GRF Asia-Pacific)

Tony Low
President
Association of Information Security Professionals (AiSP)

Ken Soh
Co-opted Councillor and Chair of Cyber Security Chapter
SGTech

Bernard Tan
Director, Architecture and Solutioning (Engineering)
GovTech

Jenny Tan
President
ISACA Singapore Chapter

Key Focus Areas

◎ Cybersecurity Considerations in a Converged Digital Reality

◎ Cybersecurity Environment

◎ Emerging / Developing Technology for Cybersecurity

◎ Operational Considerations

◎ Thought Leadership and Strategy in Cybersecurity

Attendee Feedback

"Attending the GovWare [Conference] was an enriching experience. The event brought together thought leaders and professionals from across the cybersecurity industry, offering deep insights into emerging threats and cutting-edge solutions. The sessions were highly informative and well-structured, providing practical knowledge that can be directly applied in the field. I highly recommend GovWare for anyone looking to stay ahead in the ever-evolving landscape of cybersecurity. "

Attendee Feedback

"A well organised and curated conference that offers users of the cyber domain a great opportunity to understand the technologies and services that are available in the market. Outstanding!"

Shawn See
Head, Operations of a Government Agency

"GovWare 2024 continues to set the standard for cybersecurity conferences, providing an unparalleled platform for industry professionals to exchange insights and explore cutting-edge solutions. The sessions were highly informative, covering emerging trends, regulatory challenges and innovations in threat mitigation."

Ryan Ow
Head, IT Security of a Finance Company

Attendee Feedback

"GovWare is the place to go and meet cybersecurity partners and vendors."

Daniel Koh
Head of Business Development of a Cybersecurity Company

"GovWare Conference and Exhibition has a variety of esteemed organisations show-casing their latest technologies that help the industries in Singapore to become competitive regionally and globally."

Jackson Woo
Head of APAC Technology GRC of an Insurance Company

Key Moments of GovWare 2024

iAPPS Health Group launched the AI Health Assistant and Fall Prevention & Detection System, officiated by Senior Minister of State **Tan Kiat How**. They also had the opportunity to host **Hon. Judith Collins KC** from New Zealand during her visit.

Attendees engaged with **Hansang Bae**, Public Sector Chief Technologist from Zscaler, as he shares insights during an engaging Tech Talk session at GovWare 2024.

Raz Kotler and **Michael Smith Jr.** from The Generalists Podcast engaged in a dynamic discussion with **Sandra Joyce**, Vice President of Google Threat Intelligence, Google Cloud, during the **GovWare Cyber Insights Live** podcast session.

It was a lively battle of minds at the **GovWare Showdown**, where cybersecurity defenders tackled brainteasers and trivia in an exciting test of wit and cyber knowledge!

The **GovWare Opening Reception**, hosted by the **Estonian Embassy**, set the tone for an eventful evening of networking and collaboration.

Cyber Youth Singapore (CYS) and **SANS Institute** signed a Memorandum of Understanding (MOU) to enhance accessibility to cybersecurity training and certifications for financially disadvantaged youths. The MOU signing was witnessed by **Dr Janil Puthucheary**, Senior Minister of State for Digital Development and Information.

The CII **Innovation Showcases** spotlighted cybersecurity's vital role in safeguarding and advancing critical infrastructure sectors. Building on last year's Healthcare-focused debut, this year's expanded showcase included the Financial Services and Energy sectors. Leading organisations showcased how advanced cybersecurity enables transformation, resilience, and integration with business innovations, inspiring solutions that secure critical infrastructure and propel progress in these essential sectors.

Health Innovation Showcase: iAPPS Health Group showcased AI-driven technologies designed to safeguard patient data while enhancing personalised care. Highlights included the Robot Pharmacy, Patient Robot, and 1doc AI Health Assistant.

FSI Innovation Showcase: OCBC demonstrated its cybersecurity roadmaps, focusing on securing digital banking interactions and ensuring seamless recovery during cyber incidents.

Energy Innovation Showcase: Schneider Electric showcased its EcoStruxure Platform, integrating OT and IT solutions to enhance cybersecurity and operational efficiency in an increasingly digitised energy sector.

Exciting Prospects Await at GovWare 2025

Experience the pinnacle of industry representation at the forefront of cybersecurity in one event, with dynamic networking and learning platforms amidst the vibrant landscape of this premier cybersecurity marketplace.

GovWare Exhibition

The pivotal cybersecurity marketplace for the region where over 300 exhibitors converge, bringing the latest technology and solutions from industry powerhouses and emerging trailblazers from around the world. Exhibitors get access to ample showcase and sponsorship opportunities, with an extended representation through the following:

INNOVATION SHOWCASES

GovWare offers a powerful platform to showcase digital innovations powered by strategic cybersecurity solutions, transforming critical sectors like **Healthcare**, **FSI**, and **Energy** through resilience and innovation.

STARTUP PAVILION

GovWare believes that every great innovation has humble beginnings, so early-stage start-ups get a leg up with special rates and opportunities to pitch their business solutions.

COUNTRY PAVILIONS

As a nexus for cybersecurity innovation, GovWare serves as a gateway to regional markets. Nations like **Singapore**, **France**, **Canada**, the **United Kingdom**, and the **Czech Republic** have seized opportunities to connect with senior executives, showcase their expertise and innovations, and gain valuable insights into regional cybersecurity landscapes.

CII Forums

Derived and designed by CISOs, these closed-door forums unite policymakers, end-users, and industry players to foster collaboration and deliver actionable insights. They delve into the complex challenges and opportunities shaping critical infrastructure sectors like Financial Services, Healthcare, and beyond.

InDepth Roundtables

These roundtables are designed for organisations seeking to connect directly with a qualified and targeted audience, fostering invaluable relationships that drive business growth.

CXO Plenary

The CXO Plenary bridges C-Suite executives and top-level decision-makers from private and public sectors in multifaceted conversations on key strategic developments.

SICW Summit

The SICW Summit is a by-invitation-only gala dinner that kicks off the Singapore International Cyber Week. Eminent keynote speakers include **YB Tuan Gobind Singh Deo**, Minister of Digital, Malaysia; **Ms Izumi Nakamitsu**, United Nations Under-Secretary-General and High Representative for Disarmament Affairs; and **The Honourable Alejandro Mayorkas**, US Secretary of Homeland Security

Beyond GovWare Conference & Exhibition

To advance our community, we are fostering year-round dialogues beyond our flagship event. Our multiple engagement opportunities enable key stakeholders to continuously collaborate, driving breakthroughs in securing future innovations and businesses.

GovWare Focus Series

The GovWare Focus Series complements the flagship GovWare Conference and Exhibition by tackling specific cybersecurity themes, sectors, and challenges through highly targeted sessions. It brings together senior leaders and practitioners, including policy-makers, end-users, and vendors, to foster strategic engagement, collaboration, and keep the community connected year-round.

GovWare Newsletter

Our bi-monthly newsletter delivers incisive commentary on industry hot topics, featuring insights from leaders and keeping our community connected with the experiences and viewpoints of top professionals.

Other Community Engagement

Driving impact is at our core. We unite end users, governments, and industry leaders to address real issues beyond the noise. Our closed-door CISO engagements focus on sector-specific needs, fostering critical conversations and collaborations. We also partner with the community to facilitate capacity-building initiatives.

Valuable insights shared at our **CISO Circle** meeting in June 2024 with security leaders from the **healthcare sector**, **Cyber Security Agency of Singapore (CSA),** and **Centre for Strategic Infocomm Technologies (CSIT)**, and hosted by **Google Cloud Security**.
